Certificate of Deposit

Offer fixed Annual Percentage Yield (APY), flexibility and safety of FDIC insurance. You lock in a higher APY* that's fixed from the day you open the account until the day it matures.

BENEFITS:

- Offer terms of 2 months to 10 years. Some certificates can be opened with as little as \$25.00 and may allow additional deposits to be made.
- **Short-Term CDs:** Short term savings certificates, usually up to 6 months, offer you quicker access to your money than longer term CDs would allow.
- **Medium-Term CDs:** Our 7 to 18 month medium-term CDs offer you a higher APY than shorter term CDs.
- **Long-Term CDs:** If you have a long-term outlook or need to save towards the purchase of a new home, check out our CDs with terms of 2 years or more including our special Savings Starter Account.

*A withdrawal could reduce the earnings on your account.
